

HAPPY New Year 2023

JANUARY NEWSLETTER

Message from Corporate:

Happy New Year - this New Year I wish each valued employee success, dedication, hard work, and a strong commitment to safety. 2023 is going to be an exciting year for Seven Lakes / SLS Metalworks we have some new and upcoming changes and opportunities within both organizations that will better support our growing needs.

Let's say see you later, 2022! It was a pretty good year for us considering coming out of the pandemic and all the challenges it brought with it. Some of my favorite 2022 highlights were, seeing our overall safety performance improve, addition of new employees to help strengthen our team, new work opportunities that have proven to strengthen our organization, opportunities to better support our communities we live in across all our Nations, and leadership/cultural awareness training.

I ask all of us at Seven Lakes/SLS Metalworks to continue to watch out for each other and look to protect one another as we know there is still some up and coming challenges facing mental health and at no time should anybody not feel comfortable speaking up and ask for support, speaking up is not a sign of weakness. Please remember, "If You See Something, Say Something"

All the best to every one of you in 2023!

PS. A wise person once told me that a bad attitude is like a flat tire, you can't go anywhere until you change it.

Masi cho, Hiy Hiy, Thank you

John Darr
President/CEO Seven Lakes Oilfield Services and SLS
Metalworks & Fabricating
